

# Greening Alameda High School

Alameda High School Sierra Student Coalition

## Sierra Student Coalition

- Sierra Student Coalition is a nationwide organization and Alameda High School is just one branch
- Sierra Student Coalition is the youth chapter of Sierra Club, the oldest and largest environmental group in the U.S.

## Powershift 2009

- Powershift 2009 was the largest youth environmental conference in the world.
- 14,000 young people gathered in Washington D.C. to discuss climate change and lobby their congressmen
- Alameda High Sierra Student Coalition sent 9 students to the conference this February

## Short Term Goals

- Education for the community on proper recycling
- At least one recycling bin for every trash can (in classrooms and around campus)
- A consistent system for emptying those bins
  - Janitors
  - Leadership
  - Community Service

## Long Term Goals

**COMPOST!**

- Compost bins around school
- Promoting recycling around the city of Alameda by establishing recycling bins on every corner of Park Street
- Increasing awareness in the entire community about a sustainable lifestyle
- Collaborating with the Alameda Unified School District to institute a green program at all Alameda schools
- Solar Panels

# What We Need From You!

- Support for our cause
- Funds for our short term goals
